UPDATES & INFO

INSTALLATION OPTIONS

COMCAST

- Self-Installation Ship: Comcast ships equipment to your home in 3-5 business days
- Self-Installation Pickup: You can pick up equipment at nearest Comcast store
- Self-Installation Activation: You plug in your own modem and router yourself
- Pro-Installation: \$100 fee for technician to install either rental or customer owner equipment (may be required if residence has never had Comcast)

AT&T/DIRECTV STREAM

- Self-Installation Ship: AT&T will ship you the necessary equipment for self-install
- AT&T Internet Pro-Install: \$99 (waived if client is getting Gig Fiber Internet or bundling with DIRECTV STREAM)
- Type of install determined when placing order via OPUS; will auto-select to self-install if option is available; can switch to pro-install only after client attempts self-install

DIRECTV

- Free pro-installation of required satellite dish
- \$19.95 activation fee

SPECTRUM

- Self-Installation fee: \$9.99 (either ship, pickup, or customer owned equipment)
- Pro-Install: \$49.99
- Gig Internet Installation fee: \$199.99

FRONTIER

- \$10 equipment fee (applies even if you use you own equipment)
- \$75 pro-install fee (waived with 2 year agreement)
- \$85 activation fee

METRONET

- \$25 pro-installation fee (waived with auto-pay)

I3

- Free installation whether self or pro

WOW

- \$10 activation fee for self-installation
- Some sources say \$50-\$75 pro-install fee but it seems WOW is waiving that for new customers as of now

MEDIACOM

- Usually \$109.99 (Install: \$99.99; Activation: \$10) but currently waiving it for all online orders

HUGHESNET

- \$99 activation fee (currently waived)

CENTURYLINK

- \$59.99 activation fee (currently waived for all new customers)

RCN

- Activation fee: \$9.99
- \$49.95 pro-install fee (may have free install deals for new customers)
